

Our mission

We build bridges for successful integration.

Our pilot project helps align the requirements of the German care system with the needs of international care workers. We provide early support to identify potential challenges and find solutions. In this way, we help ensure that caregivers feel at home in our region over the long term. This contributes to securing future nursing care in our region for the long term.

Pilot project: Westpfalz nursing integration advisory center

Support and counseling
for the integration of
international nursing
professionals

Successful integration

We are the point of contact for the integration of international nursing professionals in the Kaiserslautern area. Our goal is to support nursing professionals and care facilities equally in order to make a lasting contribution for securing the future workforce.

Our services are for facilities

- providing home care
- semi-residential and residential care
- residential and outpatient hospice care

and international nursing professionals

- in training
- in nursing studies
- in the job

Our goals

- secure the skilled workers
- strengthen integration
- reduce job cancelling
- relieve the burden on facilities

Our services

We work closely with long-term care facilities and home care services to help for a successful integration of international staff into their teams.

- point of contact
- integration counseling
- networking
- information

We advise and support care workers from their first steps through to successful integration into their personal and professional lives.

■ **preparation:** We provide advice on organizational, administrative, language and educational requirements.

■ **support:** We offer personalized counseling and serve as a point of contact for guidance on social and cultural issues.

■ **counseling:** We assist with personal concerns and work together to find solutions.

■ **coaching:** neutral mediation in cases of conflict or difficulties in the workplace.

Care integration officer Westpfalz

If you would like to discuss these topics, please feel free to schedule an appointment so that I can set aside enough time for you.
